

Q: What is an all-request piano show?

A: It's a light-hearted, sing-along, rock & roll, high-energy show where the crowd determines the playlist! Each song is written on a piece of paper and brought up to the piano by an audience member. The musicians on-stage then play the song while the crowd sings along.

Q: Is it just a single piano player?

A: Sometimes. Sometimes it's a piano player and a drummer. Sometimes it's two piano players. There are many configurations of performers based on the needs and wants of the event, but they all have the one thing in common; it's all-request, all night long.

DAN HOLMES

Since 2006, Dan Holmes has been taking requests at piano shows around the country. From weddings to living rooms, huge corporate conventions to local bars, Dan and his team of musicians have played every type of request piano show there is. He regularly works with the best-of-the-best drummers and piano players from around the country.

ALL REQUEST PIANO

Bring a fun, sing-along, Rock & Roll piano show to your event! All Request Piano means YOU control the music by requesting your favorite songs.

ALL REQUEST PIANO PACKAGES

We are happy to work with you to help you meet the needs of your event. This show works the best after any food served is finished (it's hard to sing along while chewing). We also offer a DJ services package for dinner music, if needed. Please feel free to email us with your specific questions and pricing. booking@allrequestpiano.com

Photos are from many different events, showing different configurations of our set-up.

@AllRequestPiano

SINGLE PIANO AND DRUMMER:

This is the most popular option we offer. Great for dancing and keeping the energy up for any event. It gives the feel of a band with the spontaneity of taking requests.

Our most popular show is one piano player and a drummer.

DUELING PIANOS:

This option is a traditional dueling piano show, where the piano players trade songs across the piano. Guests have fun bringing songs up to either piano and watching the players interact.

Dueling pianos

ADD ONS:

We can add other musicians, like bass and guitar, to any show.

We also can provide a wireless mic for announcements, an iPod mix for dinner music, custom request forms, and other special requests for an added fee.

Any size event, casual or formal
